

Walter B. Howard  
Elementary  
School

March 6, 2017

Dear Parents and Guardians,

The Internet has changed the way that our students interact with the world. They have access to incredible amounts of information, tools to express their creativity, and people from all over the world. The Internet also offers a new set of risks, including cyberbullying, exposure to inappropriate material and online predators, and opportunities to share too much personal information.

The Safety and Wellness Committee at Walter B. Howard Elementary is excited to announce a special event on internet safety. This event is designed to help parents of students in grades 3-6 better understand the risks associated with the Internet, as well as resources and tips for keeping children safer online. The event will take place Thursday, March 16<sup>th</sup> from 6:00-7:00pm in the WBH library. There will be light refreshments and childcare for students in grades pre-k – 6.

Please complete and return the bottom portion of this form to let us know if you will be attending. We look forward to seeing you!

Sincerely,

Andrew Kourt  
WBH Principal
