What Is an Individualized Education Program (IEP)? For Families of School-Age Students

Available at 2 different dates/times for your convenience!

The purpose of “What is an IEP? For Families of School-Age Students” is to gain a foundational understanding of the entire IEP process, including but not limited to, the Committee on Special Education (CSE), the roles and responsibilities of all parties, the various components of the IEP, and the transition planning process.

CPSE-CSE For Families

Available at 2 different dates/times for your convenience!

The transition from preschool to kindergarten can be a time of excitement but it can also be a source of anxiety. This workshop will help participants to understand the transition process, to be an active member of the transition team, to understand the difference between services in CPSE and CSE, and the purpose of an IEP. Parents will come away from this workshop with a better understanding of what to expect as their children move on to kindergarten.
